The Wait Goes On? We know God's plan involves waiting and suffering. (vs.21,34-35)

- Christmas tells us that God _____ for us.
- Christmas tells us that _____ is _____ in our suffering and waiting.

The Wait Won't Last Forever! We know the end of God's plan. (vs.26, 36-38)

- We know the Story's _____.
- We know the _____ who the Story is all about.

Big Idea: We know the one who _____ of history is _____ about! So our lives, and every moment of waiting in our lives, are also ultimately _____ about Him.

- As we peek back at Christmas, what are some truths that can help us and comfort us as we wait in this life?
- Why does it matter that our God is God in the details? How should this truth impact our lives on a regular basis?

- Christmas reminds us that God's plans are both different and better than our plans. Are there ways that you have seen examples of this in your own life? What are some of those examples?
- Take some time and think about one way that you have seen that Christ is enough in the past year. How has he helped you, comforted you, sustained you, and given you peace in the past year?
- Read Revelation 21:3-4. As we peak ahead to the end of the story, what are some truths that can help comfort us as we wait in this life?
- If we say that ALL history is ultimately ALL about Jesus, how can that change the way that we view the stories of our lives, especially the waiting in our lives?
- Take one of your favorite Christmas songs and think about the lyrics in it. What are the lines in this song that make singing it year after year so meaningful to you?
