

Sermon series: Rethinking Suffering

Text: various

Big Idea: God uses suffering to glorify Himself and strengthen our faith.

Delivered: June 14, 2020

The Rasp in the Craftsman's Hand

1. Even Jesus felt the Rasp.
2. The feel of the Rasp is not what the Craftsman's doing to you, it's what He's doing *for* you.
3. The Rasp is not ultimately about you, it's about the Craftsman.

To think about...

- Has your suffering prompted you to think about Jesus' suffering? If so, in what ways?
- What lies have you been believing about what you're going through? What Scriptures can you cling to which expose those lies?
- Does your faith begin and end with God, or does it begin and end with you? Specifically, how are you living your life for His glory, or in what ways are you living it for yours?

- Are you willing to have God transform your faith and life with His rasp? If so, get alone and tell Him that.
