Application

- _____ worship _____ . John 4:23
 - Sing, pray, proclaim, obey [Rom. 12:1]

To think about...

- Today or this week, tell someone the story of who you once were, and who God changed you into. If you haven't yet put your faith in Christ, would you ask a Christian you know to pray for you?
- What worship song or hymn best sings your heart's gratitude for what God's done for you?
- Read Matthew 15:8 again and evaluate whether what you sing and say to God is empty formalism or engaged faith.
- Jesus is "gone" now, but not really. Read Colossians 3:1-10 and describe how you're with Him. And if worship is not just telling God how wonderful He—but also reflecting it by obeying Him (Romans 12:1), ask yourself if there's anything you've been saying "no" to God about when you should be saying "yes".
